

## **The Management and Resolution of Erroneously Large EACs and AAs**

**Who Should Attend?** This course will interest customers working in Supply, Non Half Hourly (NHH) Data Aggregator or NHH Data Collector businesses. It is aimed at customers directly involved with the large Estimated Annual Consumption (EAC)/Annualised Advance(AA) issue at operational or managerial level.

**Course Overview:** the course will cover:

- Introduction to the issue:
  - overview of EACs and AAs;
  - erroneously large EACs and AAs.
- ELEXON monitoring:
  - the large EAC and AA monitoring system;
  - measures of materiality (Supplier Energy Allocation Error and Gross Uncorrected Energy Error);
  - Interaction with the Trading Disputes process.
- Managing the issue:
  - prioritisation;
  - corrective action;
  - preventative action.

**Course Objectives:** at the end of the course, delegates will understand:

- The root causes of erroneous large EACs and AAs and the impact on Settlement;
- How to correct existing errors and prevent further erroneous large consumption entering Settlement;
- The monitoring provided to the Trade Disputes Committee and how it's used to manage the EAC/AA Trading Disputes process;
- The monitoring that ELEXON provides the industry and how it's used to effectively address the issue.

**Date:** on demand

**Duration:** two hours

**Location:** [ELEXON](#) or customers' offices

**Cost:** this course is free of charge to BSC Parties and BSC Party Agents. ELEXON may charge other organisations for training services.

**Related Information:** [The Management and Resolution of Large EACs and AAs](#) Guidance Note.
