

Performance Assurance Reporting and Monitoring System (PARMS) and Peer Comparison

Who Should Attend? This course will be of particular interest to customers at Supplier and Supplier Agents organisation involved with PARMS data submission. We recommend combining this course with the 'Supplier Charges' course we offer as the two are closely related.

Course Overview: this course will cover:

- What is PARMS?
- What data is submitted into PARMS and what it is used for;
- PARMS Serials;
- How to interpret reports from ELEXON;
- Work Examples;
- Peer Comparison.

Course Objectives: at the end of the course, delegates will understand:

- Who submits PARMS data and why;
- Timescales for data submission;
- How data completeness is measured;
- How to interpret the reports issued by ELEXON indicating completeness or incompleteness;
- The PARMS Serials and applicable standards;
- The role and monitoring performed by ELEXON and the Performance Assurance Board (PAB);
- Specific examples on performance against PARMS Serials and standards;
- Specific examples on how to improve PARMS Serial performance;
- Public and Non-Public Peer Comparison;
- Other Performance Assurance Framework techniques supported by PARMS.

Date: on demand

Duration: half day

Location: [ELEXON](#) or customers' offices.

Cost: this course is free of charge to BSC Parties and BSC Party Agents. ELEXON may charge other organisations for training services.
